Our Mission

Students at Town Center Elementary School get ready to plant their new Gator Garden.

The West Windsor-Plainsboro Education Foundation is a private, non-profit organization that fosters educational excellence, creativity, and achievement in the West Windsor-Plainsboro Regional Schools by:

- providing grants for innovative programs and initiatives,
- generating corporate and private financial support, and
- building community and business partnerships to benefit students, teachers, and staff in our schools.

Since 1997, our Excellence in Education Grant Program has awarded over \$233,000 in grants to support 280 teacher and student-generated ideas that enhance classroom learning and promote excellence in education.

Friends of the Foundation

Become a Friend of the Foundation so that we can continue to fund cutting-edge and creative learning experiences for students of all ages. We fund competitive grants to teachers and staff in order to foster educational excellence, creativity, and achievement in our schools and classrooms.

These include science and math education, language arts, technology, exceptionality, early childhood development, arts, career planning, and services for children with special needs.

We provide supplemental dollars for programs that are generally not covered by the school budget.

These programs would not be possible without the financial support of the WW-P Education Foundation and friends like you!
